

MPA Student Membership and Music Gateway

As part of the MPA's Student Membership members are given exclusive access to some of Music Gateway's services.

Music Gateway is a global music industry online community. It provides opportunities in sync licensing and music promotion and strives to empower creatives.

You can view all the benefits included in the MPA Student Membership below:

- Access to the creative marketplace where they can connect and collaborate (source songwriters as publishers or collaborate as songwriters)
- Access to pitch music to TV, Film & Advertising placements – [click here to view some success stories here.](#)
- Access music industry jobs & creative work globally.
- Feedback on music submissions - production quality or elements that need including, metadata management or even relevance to the brief and other best practices for pitching.
- Catalogue management system for their music (up to 50GB).
- B2B Industry Playlist Presentation - Curate professionally branded playlists to send to clients. This is B2B so not for commercial gain like Spotify. You have complete control over the download options, full contact information, metadata embed and more. Here's an example: <https://www.musicgateway.com/p/custom-link-goes-here>
- Opt in Sync Representation - they retain all their master and publishing rights and we take a 25% off any successful sync fee (we haven't found anyone to date that will work under this competitive sort of agreement).
- Bulk File Transfer of music: <https://www.musicgateway.com/transfer/MoQirOoVIV7Z8fEz>
- AAA to exclusive opportunities - some opportunities from bigger companies are limited to premium accounts to reduce the amount of people pitching. Game Changer accounts give them AAA to these.
